Building Together:

As we move forward together, we are always looking for new ideas to improve the contribution that the Storytelling Resource Place makes in the community and to the storytelling world outside of Jonesborough. Some of the member ideas that we have adopted so far are: the Little Free Library, the Children's Read Aloud Room, and Porch Front Storytelling Concerts. We are currently working on the Listening Library which has hundreds of cassettes, CDs, and DVDs of storytellers that guests can listen to while relaxing in easy chairs. We are interested in what groups of people we could reach out to with new stories and programs.

Do you have any book collections, storytelling instruments, costumes, or artifacts you would like to see preserved for the future? Consider donating them to the SRP collection. Please contact: Pamela Miller, President, 423-557-3349.

Welcome Friend. We are glad that you are joining us to collect, preserve, and make available storytelling resources for others.
